Portrait Albums

Sessions: Clothing must be closely coordinated. No more than two color tones should be used. You need to consult with the studio, concerning peoples dressing for the session. I need to know the reason for the session and to have an idea as to what you were thinking of buying from the session. A 20x30 wall portrait vs. a 5x7 require a very different approach to the design of your portrait.

Session fee's Individual...\$50, 2 or more . . . \$75, Groups/Family...\$100 and on location is \$100/Weekdays, Sundays and Holidays ...\$150.

Session Fee's: Are paid when the time is reserved for your session.

Session fee's Individual...\$50, 2 or more . . . \$75, Groups/Family...\$100 and on location is \$100/Weekdays, Sundays and Holidays ...\$150.

Viewings:—Are at the studio and by appointment. They should take place within 7 days of the session. At the session, you should be prepared to place an order. A deposit on a future order would be required. Printed proofs are not available from any sessions. **Minimum Orders:** All sessions have a minimum order of \$150. On location sessions and sessions with pets (ie. Your horse), require a minimum order of \$250..

Studio Policy .

When Booking a Session:

I need to know the number of people that I will be photographing, their age and relationship. I also need to know the reason for the session and what you will be ordering. If a wall portrait or an order with a number of larger prints is anticipated, please let me know.

If you are interested in a number of combinations of photographs to be taken of several people, please let me know.

It is helpful for me to know the reason for the session and who the portraits will be designed for.

Dressing for Your Session—Clothing should have no patterns or stripes. Avoid logo'd clothing as well. Colors should be limited to two tones, so that everyone looks like they belong together.

Check my website for detailed information and examples on dressing for your session.

Viewing Sessions:

Images will be made available for review within days of the session. You should have established a day and time before you leave your session. At the viewing, you should be prepared to place your order.

With the current technology, it is very easy to copy images. For this reason, photographic proofs are not released without an order.

ON Line Viewing:

Following the viewing, if additional time is needed, a secure pdf can be made available.

How Long are Images Held?

I only keep images for which an order is placed. Images are only held for one month after an order is placed.

Videos and CD's. I do not provide sessions for the sale of CD slide shows or DVD slide shows. Slide shows are only available with orders of \$250 or more and cost \$75. With combined orders of \$500 or more, they are free. If you would like to buy a CD slideshow and place an order at a later date, a deposit of \$200 on that order would be required.

Books / Albums

Album products are available.

Framing

Custom framing is available. Corner cuts and mats are available for your review at the studio.

Using any corner cut shown at the studio, plus custom cut double matting plus glass:
